Four 60's UM students form a singing group, graduate, and move on. Through the years they stay in touch, and after twenty years of individual careers and lives, they reunite to find that old spark. Now it's a tradition—an annual reunion to perform. This year they will be featured at the St. Timothy Festival at Georgetown Lake. They will rehearse their program for US here at Dunrovin Ranch.

Be there! They are REALLY, REALLY GOOD!
