## Half Moon Ranch — Lewistown, Montana

[www.hmradventures.com](http://www.hmradventures.com)

Half Moon Ranch is a working cattle ranch with gracious guest quarters nestled in the beautiful Snowy Mountains. This pristine ranch boasts miles of stellar riding trails and bountiful wildlife viewing. Ranch manager, Alan Quimby, will be our personal guide and chef. We, at Dunrovin, once worked with Alan in the Alaska Department of Fish and Game and learned that he is a man who aims to please!

## Brandon Carpenter Shepherd, Montana

Brandon Carpenter is an outstanding, nationally known horseman. For many generations, his family has raised and trained Tennessee Walking Horses for use on their cattle ranch. Few horsemen possess his natural teaching abilities for working with both humans and horses. His clinics are well planned, yet adaptable to varying circumstances. His relaxed but focused style brings out the very best from both rider and horse.
